## LIGHTS AND SHADOWS OF THE WAR

Correspondence of the Associated Press

Press the subjoined article on the re-lation of industry to the war. Sena-tor Humbert has been conducting the successful campaign for she bigh pres-sure production by the whole indus-trial resources of France of the shells and guns which he and his colleagues consider essential to victory. He is the set of the shells in the colleagues of the shells in the conduction of the first state of the shells in the colleagues of the shell in the colleagues of the shell in the colleagues of th consider the new proprietor of Le Journal, with a circulation of about one million. Senator Humbert writes:

"The important part played by in-

matry in the present war is due, not saly to the power and perfection of firaris, but even more to the im-mense number of men in line. These millions of combatants would be nontheir manufacture in sufficient quant. means of turning out the most modern instruments of war "Long before the war it could be

seen what character the hostilities would take on. Personally, I predictat the service of their warlike inten castly as a hundred, and ten thou only tions a military machine ready to its sand, if necessary, as easily as a thou stren has dotait. The work they have done sand. of recent years to renew their artilwieldy to be able to follow the movements of their troops, was most sig-I regret very deeply that example. And yet, it ought to have been pretty evident that in this cen-tury of scientific progress, of machin-cry to the limit, supplies would play in war a part as important as they play in the economic life of every

But the actual experience of war has gone far beyond any foresight for it. The destructive power of the fire-

# COMMISSION FORM

## STEPS TO BE TAKEN BY A COMMUNITY

RECENTLY ENACTED STATUTE SHOWS HOW RELIEF MAY BE OBTAINED BY TONOPAH

The plans that are being formulated by this town to be placed under the commission form of government make it of interest for all to know the law governing such procedure. The Bonanza will not quote the statute in its entirety, for a considerable portion is mere formality, without hav ing any interest to the voter and tax paper. The gist of the act follows:

Any city or town in the State of Nevada may adopt the a may adopt the commission of government and frame its own charter therefor. Whenever the Smillied voters of any city or town de siring to adopt a commission form of government so declare their desire by fling with the legislative authority of city or town, if incorporated, or if not incorporated by filing with the county commissioners of the county in which such city or town is located a petition having the signatures of one-furth of the qualified voters, vot-ing at the last city or precinct elec-tion, embraced in the territory to be incorporated, if not incorporated, such legislative authority or county missioners shall within twenty call an election for lifteen qualified electors who shall have been residents of said city or town for at least two years proceeding their elections. tion, for the purpose of framing a charter for such city or town, having for its objects the commission form of

Nominations for such electors must be made by petition of one fifth of the qualified voters at least five days be the the day of election. The election will be conducted under the general election laws of the state.

It shall be the duty of the persons to also the state.

so elected to convene within ten days star the election and frame a char-ier for such city or town. Within thirty days thereafter they, or a ma-lerity of them, shall submit such char-ter to the legislative authority or

ounty commissioners, who shall within five days thereafter, cause the same to be published in a newspaper published in such city or town for thirty days. Later the matter of voling for or against the charter will take place, under the general election laws. Such charter, when submitted, era, their term of office, their duties FORMATION GROWS MORE ENshall ax the number of commissionand compensation, etc.

## **GOLD VALUES GROW**

Special to the Honnusa.)

(Special to the Honners.)

ROCHESTER, Nev. Sept. 11.—A gratifying increase in gold values is again noticeable in the lower workings of the Rochester Mines company in Rochester hill, bringing to prominence once more the theory heretofore advanced by mining engineers that Rochester hims every chance of unning from a silver pue a gold camp. the 450 foot level.

NEW TODAY

## THREE SHIFTS NOW IN GYPSY QUEEN

COURAGING AS SULPHIDE

Another shift has been added to the Another shift has been added to the working force of the Gypsy Queen and the shaft is being sunk 24 hours in the lay. The management feels greatly encouraged since the water was encountered and the sulphide stringers were cut. The formation is still the matrix trachyte and there are Sept. 11.—A excellent opportunities to cut another old values is ledge. Station will be cut som and a crosscut started for the ledge that was cut just before passing out of the was cut mer oxydized stratum.

NEW MANAGER FOR TIN SHOP

that Rochester has every charce of unning from a silver into a gold camp.

The theory seems all the more likely secured the services of Chas Richardto become a fact when it is remembered that this increase in the gold their shop and are prepared to do any content of the ore has been persis-ent and constant from the very sur-face to the present deep working at stacks. We also do plumbing.—Adv.
